S U P E R B O R A

Our values are, Prioritization of safety, quality, and environment in; our all actions. To make our personnel internalize and practice the philosophy of constant improvement. To carry on relationships with our personnel and business partners based on honesty and standing trust. To prioritize cost reduction in our all processes. To complete a task in one go, at the desired time, and without any inaccuracy. To give weight to teamwork for effective participation by providing pieces of training enhancing their knowledge and skill. to follow the development of our sector and become the leader of innovations and implementations. To be a solution partner by getting involved in our customer's design studies. to be respectful to humanity and society.

STRONG
CONNECTION
WITH HIGH
TECHNOLOGY

About Us Founded in 1976, Bora Çelik is a made-to-order designer, manufacturer supplier of showroom display panels, situated in Eskisehir, Turkey. Our main product lines consist of, but are not limited to, ceramic display cabinets, display panels, door displays, tile display stands, along with parquet, tile, stone, marble, mosaic displays. We also design and manufacture commercial areas and showrooms that cater to the ceramics and bathroom industries. Our strength comes from our custom design and unique production capabilities, ensuring that both our production and supply organizations are flexible enough to manufacture and deliver any volumes, in short, we can and will deliver any amount of product within the timescale required, without any order restrictions, with branding and packing being decided by our clients. Our highly skilled design team will ensure that all aspects of quality, dimensions, and general design-build meet your expectations, whilst providing a tailored and cost-effective solution to your needs, when productivity is essential. Bora Çelik is here for you, as a trustworthy supplier when you require comprehension, communication, research, and service.

Who are we Bora Çelik's key success comes from its dynamic, innovative, entrepreneur structure and harmony energy in its own up to now and so it has been. Our company has an 18.000 m² closed area in Eskisehir. Bora Çelik architectural retail design concentrates on exhibition design as converted developed notions for retail strategy into different space type segmentation and architectural structure by creating concept designs.

What we are doing Design (corporate identity - store - exhibition, etc.)
Performance (store concept turn-key/ domestic- foreign)
Production (mass production of showroom equipment/custom design production)
Frontal design and application (siding/ advertising board application etc.)
Exhibition design + application (domestic foreign)

How we are doing Concept store plan
Sketch plan of retail area
3D Concept store design sketches of 3D brand experience-general environment furniture & feature areas transaction/demonstration and promotion zones. Shopfront showing store signage & window treatment, Promo areas, 3D Concept store design sketch of future zones
Feature entrance finishes proposals for flooring ceiling lighting wall finishes, Element detailing to create a comprehensive design manual, based on an "ideal" layout. Working drawings (design intent) of all elements & feature areas. Model Store plans and elevations based on a standard "ideal" location.

Showroom & Fair Design Design Bora Çelik provides to its clients a comprehensive service focusing on the showroom and fair design with the highest technological application and creative, highly skilled team of designers & technicians.

Research - Development The research and development team plays a critical role in the innovation process of displays. Bora Çelik makes essential investment in technology and future capabilities which is transformed into new products, processes, and services.

Display Systems Harmonized With Metal and Wood Bora Çelik manufactures display systems harmonized with metal and wood using a wide variety of materials. From prototype to completion, we are proud of our proven track record. We manufacture products to the highest quality and dispatch on time. Bora Çelik's key success comes from its dynamic, innovative, entrepreneur structure and energy in its own up to now and so it has been.

Printing Bora Çelik offers to its clients' large format digital printing with high tech machine HP Latex 3010, offset printing with high quality.

Packing and Logistics Bora Çelik, we are paying special attention to the packing in order to protect the goods and enable easy loading & unloading without any damages or difficulties. Our logistics team handles carefully all aspects of the process, assisting you also in every step of the customs procedures and providing all relevant documentation convenient to each countries formalities and regulations.

After Sell Service After Sell Service Bora Çelik builds a long-term relationship with its customers, earns their loyalty, and keeps their business by letting their online services and providing repairs, refunds, and warranties.

Terms of Sale Terms of Sale Bora Çelik reserves the right to make changes to the material or design of the product if necessary for easy usage and stability. In this catalog, some of the products show accessories and tiles, these are not included in the sale.

Terms of Warranty Bora Celik warrants that products shall be delivered free from defects in material and workmanship and in accordance with any mutually agreed specifications. The warranty for products shall expire 1 year from the shipment date of the products to emphasize the high quality standard. After the expiration of this 1 year period seller shall no longer accept warranty claims and all obligations for warranty shall terminate.

WALFORD

SERIES

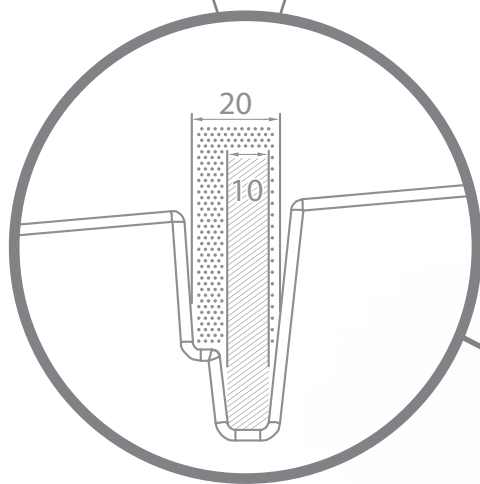

OUTDOOR POLFORM SERIES

The design process of polform product, which are aesthetic and both surface, has been created by PU material with the principle of use in harmony with nature both indoors and outdoors, keeping original, light and durability in the foreground.

It has been designed in accordance with the needs, with color alternatives that allows different stones to be exhibited together.
